Make a mouse finger puppet

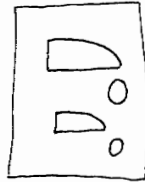

You will need:

a piece of wool

felt

template

black pen

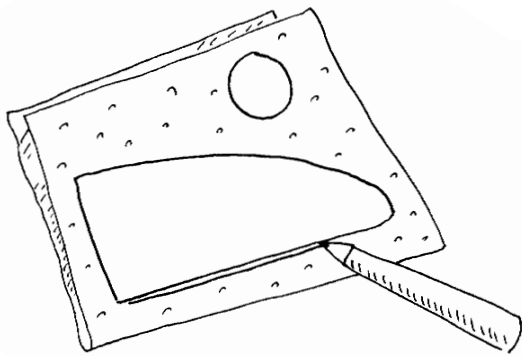

scissors

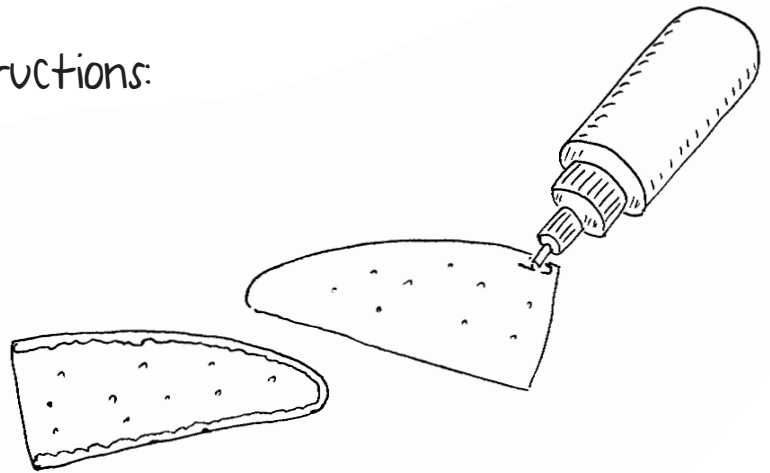

glue

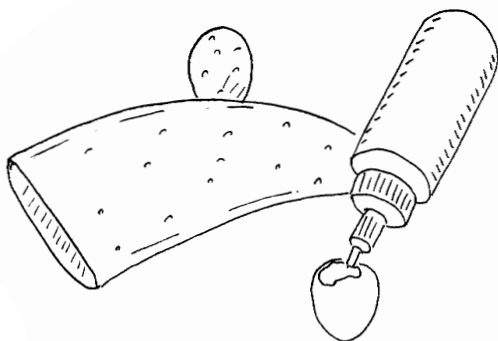

Instructions:

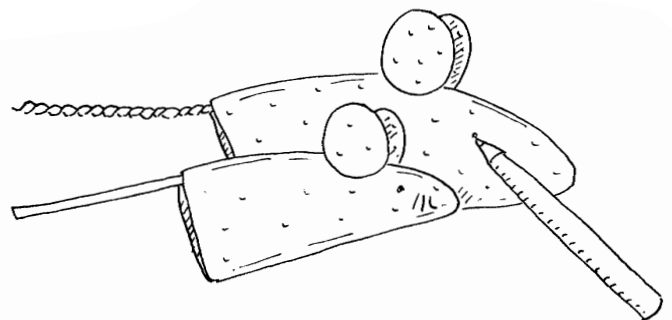

Cut out templates and then cut the shapes out of the felt

Glue around the edges and stick the two pieces together – do not glue the opening!

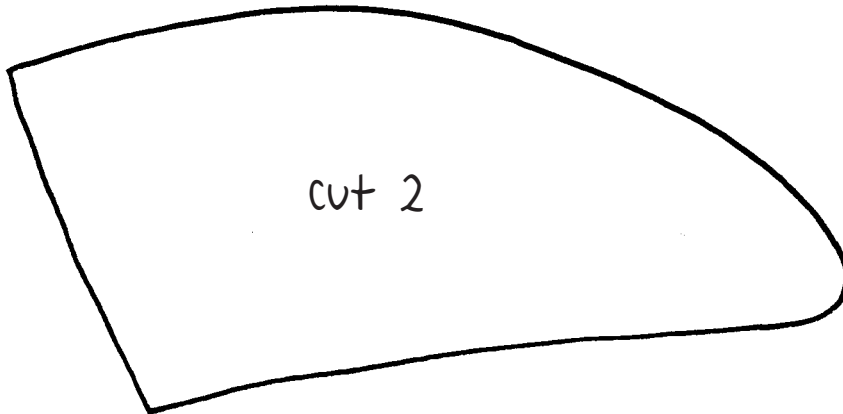

Glue the ears into position

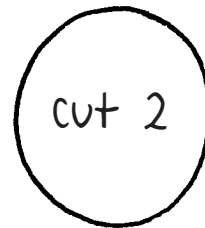

Glue the tail into position
Draw in eyes with black pen

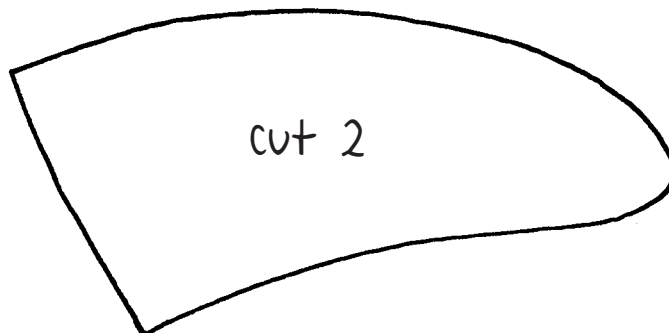

Mouse template

big mouse body

big mouse ear

small mouse body

small mouse ear

Your finished mouse!

Tips:

If you don't have any wool you can use a strip of felt for the tail

You can make the mice in different colours, try using grey, white or brown and pink for the ears

You can draw whiskers onto the mouse with a pen

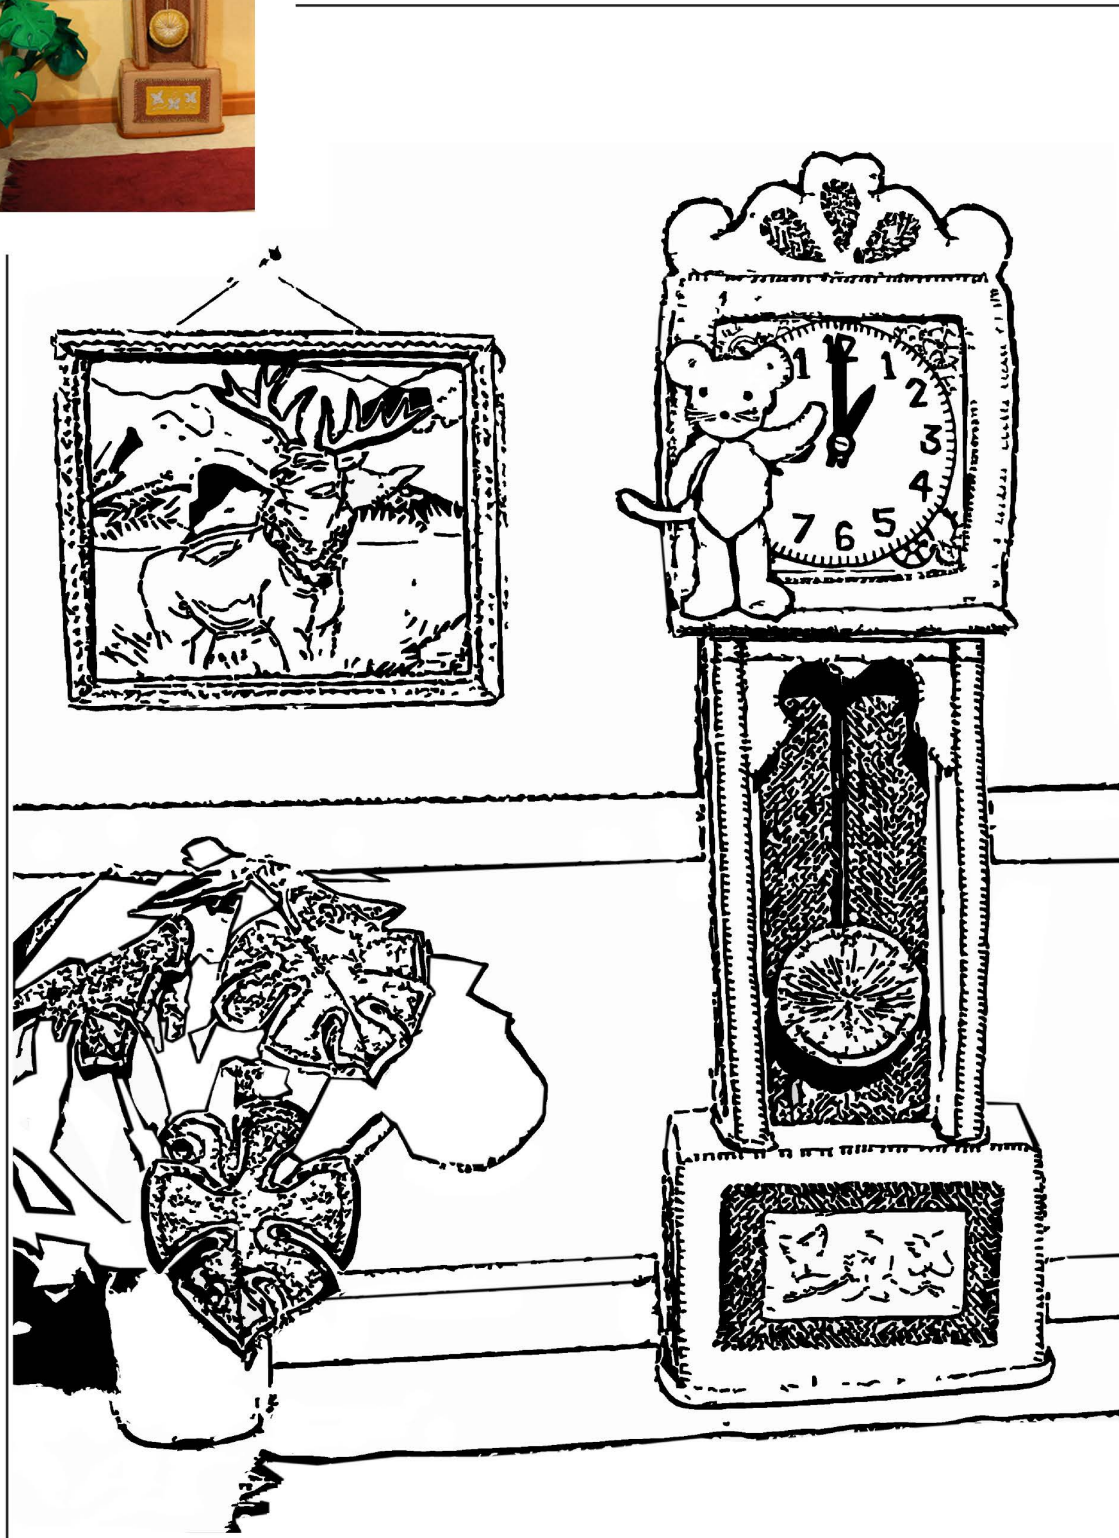

Spot the difference

Can you find the five differences between these two pictures?

Colour in the picture

Bonus Activities!

Do you have clocks in your house? How many can you find?

Can you spot clocks when you go out for a walk? How many can you see?

Do the clocks have hands or just numbers?

Can you read all the numbers from one to twelve?

Can you find numbers in old magazines or newspapers? Cut out numbers one to twelve and glue them in a circle like a clock face.
